General Information

Academic subject: Labour Law
Degree course: In «Business and Economics»
Curriculum: none
ECTS credits: Six
Compulsory attendance: No
Language: Italian

Subject teacher

Name Surname: Vito Pinto
Mail address: vito.pinto1@uniba.it

ECTS credits details

Basic teaching activities
Disciplinary area: Area 12
SSD: IUS 07
Credits: 6

Class schedule

Period: Second semester
Year: III
Type of class: Lecture - workshops

Time management

Hours: 150
In-class study hours: 42
Out-of-class study hours: 108

Academic calendar

Class begins: 18 February 2019
Class ends: 7 June 2019

Syllabus

Prerequisites/requirements

Expected learning outcomes (according to Dublin Descriptors) (it is recommended that they are congruent with the learning outcomes contained in A4a, A4b, A4c tables of the SUA-CdS)

Knowledge and understanding
Knowledge, with the support of texts, of the current legal frameworks and understanding of the legislative policy choices underlying it.

Applying knowledge and understanding
The student will develop the ability to frame legal cases and issues related to the establishment, execution and termination of employment relationships as well as trade union freedom and rights.

Making informed judgements and choices
Identification and selection of regulatory data relevant to the legal classification of cases and issues.

Communicating knowledge and understanding
Of interpretations, arguments and solutions

Capacities to continue learning
The student will develop the conceptual bases necessary to independently explore the subject of study and to update their knowledge over time.

Contents

Labor law: historical profiles and legislative policy. The

### Course program

#### Notes

**Teaching methods**

Frontal lessons

**Assessment methods**

Final oral exam

**Evaluation criteria (Explain for each expected learning outcome what a student has to know, or is able to do, and how many levels of achievement there are.)**

The evaluation of the oral exam will focus on:
- the ability to identify the disciplines useful for framing the problem raised;
- the ability to derive from the texts useful standards for the solution of the problem raised;
- the capacity for analogical reasoning;
- the ability to communicate topics and conclusions in a linguistically correct manner;
- an understanding of the function of different standards and critical capacity.
