

# *SUSTAINABLE, CONNECTED* *and* **SAFE COMMUNITIES**

*Italy Pavilion – Amphitheatre*

14th January 2022

8.00 a.m. (Italian time)

11.00 a.m. (Dubai time)

# *SUSTAINABLE, CONNECTED* *and* **SAFE COMMUNITIES**

**Organized by the University of Bari Aldo Moro**

**Italy Pavilion, Expo 2020 Dubai, Amphitheatre**

**14th January 2022**

**08.00 a.m. (Italian time) 11.00 (Dubai time)**

Organized by the University of Bari with the economic support of BV TECH SpA, this Italian Dialogue will be focused on Cybersecurity and AI as development drivers of sustainable and resilient communities, including in the mobility and telecommunication sectors

The event will be organized in three sessions:

- the first with institutional greetings.
- the second is the scientific session. In this part of the Italian Dialogue Professor Cheriet, belonging to ETS in Montreal, and Dr. Tartari, the person in charge of Digital Agenda in the Emilia-Romagna Region, will speak about Cybersecurity as an opportunity to build sustainable cities and territories, describing the concrete activities of their Institutions.
- the third session promotes dialogue between very important Italian big companies: BV TECH, Ferrovie dello Stato, Noovle-TIM Group, and Olivetti will discuss how their activities and company policies guarantee safe and sustainability to a wide public.
