Syllabus	
Learning Objectives	*Knowledge of EU Agricultural law and Common agricultural policy legal aspects*
Course prerequisites	*Propaedeuticity: Private Law*
Contents	*The course aims to learn the normative contents of the European agricultural policy, through the study of the sources, the relationship between European and national sources, and the jurisprudential orientations. The knowledge and understanding that the student acquires during the course concerns the normative bases of the regulation of agri-food markets, distinctive signs and labeling for the enhancement of the quality of agricultural products. At the end of the course, the student acquires the ability to understand the evolution of the agricultural policy of the European Union, to identify the legal institutions that regulate the agricultural sector and to apply the legal discipline of the distinctive signs of quality.*
