Work schedule			
Total	Lectures	Hands on (Laboratory, working groups, seminars, field trips)	Out-of-class study hours/ Self-study hours
Hours			

225	62	10	153
ECTS			
9			

Teaching strategy	Lectures, seminar activities, tutorials, workshop activities, use of multimedia tools.
Expected learning outcomes	
Knowledge and understanding on:	*Advanced level knowledge related to the regulation of the agricultural enterprise, organisation and risk profiles, and the relationship between agriculture, environment and land.*
Applying knowledge and understanding on:	*Ability to understand the applicative scope of the discipline, with reference to the role of the agricultural enterprise in the territory.*
Soft skills	*Making informed judgements and decisions* *Ability to independently revise the principles and rules under study, developing a critical sense and independent judgement, using teaching tools that encourage discussion and participation in the classroom.* *Communicating knowledge and understanding* *Ability to express acquired knowledge in appropriate legal language and development of logical argumentation skills, also through laboratory activities.* *Capacities to continue learning* *The student will fully master the research and identification of national, European and international legal sources on the subject and develop the ability to read and understand national, European and international case law, covered by the Course.*

Assessment and feedback	
Methods of assessment	Oral examination
Evaluation criteria	*Knowledge and understanding* *Assessment will take into account knowledge of the rules of the agricultural enterprise and entrepreneur, organisational profiles and the relationship between agriculture, environment and land.* *Application of knowledge and understanding* *Ability to grasp the applicability of the knowledge acquired and to propose coherent solutions to concrete legal problems.* *Autonomy of judgement* *Ability to rework the principles and rules under study, ability to make autonomous choices of critical analysis and connection.* *Communicating knowledge and understanding* *Clear and coherent exposition, specific terminology and argumentation skills* *Communication skills* *Mastery of legal language and ability to present in a comprehensive manner, including using examples and connections, the regulation of institutions and critical conclusions on case law*

	Capacity for further learning *Skill in identifying appropriate sources of law and ability to analyse applications and impact*
Criteria for assessment and attribution of the final mark	*During the examination, knowledge of the topics covered by the syllabus, the ability to systematically place the institutes under study, the ability to interpret regulatory sources and to discuss application issues will be tested.* *The grade is expressed in thirtieths. For the purposes of assessment, the level of preparation achieved in accordance with the above criteria will be taken into account and, in line with the expected learning outcomes, the different levels of preparation will lead to different grades: excellent (30/30 cum laude), very good (28/29), good (25/27), fair (21/24), sufficient (18/20).* *The award of honours requires the unanimous approval of the board of examiners.*
