

Academic subject	Advanced Greek language laboratory
Degree course	LM15 Filologia, letterature e storia dell'antichità
Department	Department of Humanities – University of Bari 'Aldo Moro'
Subject area	L-FIL-LET/02: Greek language and literature
ECTS credits	3 (Study Hours: 75)
Language	Italian
Type of class	Lectures
Compulsory attendance	See Regolamento Didattico, art. 4.
Learning Objectives	The acquisition of appropriate knowledge of Greek language as well as the ability to understand and translate, with the help of the dictionary, texts of average and high difficulty.
Prerequisites	Notions of nominal and verbal inflection: the rules of accentuation, the inflectional system of the three declinations, the first and second-class adjectives, the degrees of the comparison of adjectives, the verbal system in its active and medium-passive form.
Expected learning outcomes	<ul style="list-style-type: none"> • <i>Knowledge and understanding</i> <p>The student will be expected to have developed:</p> <ol style="list-style-type: none"> 1) knowledge of the morphological and syntactic topics covered during the lessons. 2) ability to understand the morphological structures of an average and high difficult text. <ul style="list-style-type: none"> • <i>Applying knowledge and understanding</i> <p>The student will be expected to recognize and define the syntax of cases and phrases, in order to produce a coherent and conscious Italian translation.</p> <ul style="list-style-type: none"> • <i>Making informed judgements and choices</i> <p>The student, through the systematic teaching of notions of Greek language, will be expected to develop the ability to translate the original Greek text into Italian, to become more aware of the links between the two languages and to enhance his/hers lexicon.</p>
Evaluation criteria	The skills related to the syntax of cases and phrases as well as the main structures of Greek language will

	be evaluated. The evaluation will take into consideration also the ability to reflect on the Greek text, to apply the acquired knowledge and to produce a coherent translation.
