Learning Objectives
The course aims at providing an overview of the objectives, values, principles, bodies, sources, main procedures, the procedural system and some aspects of the material part of the European Union legal system. At the same time, it also aims at providing fundamental knowledge and study methods for understanding the European Union legal system in light of its future evolutions.

Course prerequisites	As per Degree Course Rules
Teaching strategy	Frontal lessons.
Expected learning outcomes in terms of	
Knowledge and understanding on:	Knowledge and understanding of the issues concerning the subject studied in the historical-legal context of reference and in relation to the other subjects of the degree course.
Applying knowledge and understanding on:	Applied knowledge and understanding with regard to the connection between theory and practice, in a subject with significant multidisciplinary interrelationships and subject to daily application.
Soft skills	<p>Making informed judgments and choices. At the end of the course the student should be able to read the rules of positive law, in their judicial application, as measured against the socio-historical reality of the European Union and its Member States.</p> <p>Communicating knowledge and understanding. At the end of the course, the student should be able to explain the acquired knowledge in an argued manner, also in relation to the political, economic and social context in which he/she intends to operate.</p> <p>Capacities to continue learning. At the end of the course, the student should be able to handle the complexity of the subject matter also in its future developments, thus demonstrating an understanding of the peculiarities of the discipline covered by the course.</p>
Syllabus
