Total	Lecturer	Hands on (Laboratory, working groups, seminars, field trips)		Out-of-class study hours/ Self-study hours
Hours				
48	*48*			
ECTS				
LMG 6				
Teaching strategy	Conventional methods, insertion on e-learning platform, delivery of useful materials for the best learning of the subject.			
Expected learning outcomes				
Knowledge and understanding on:	Acquisition of adequate knowledge of civil law enforcement and the main institutes, with refined ability to read and interpret the related rules.			
Applying knowledge and understanding on:	Acquisition of the ability to apply the notions learned, during the attendance of the course and during the study, to concrete situations as			

	well as to consult the reference sources. The student will be able to move independently having acquired knowledge of the rules, but also of the practices, through the analysis of practical cases, and also of the rules of conduct of the judge and lawyer in Italy and in Europe. In this way, the knowledge of civil enforcement necessary for the student who is interested in working professionally in the sectors of the classic forensic professions (Lawyer, Judiciary, Notary) as well as consulting activities in the private sector, addressing the topics covered by the teaching, will be acquired.

Soft skills	• *Making informed judgments and choices*
	   the Student will acquire the ability to take reasoned and legally sustainable positions with reference to the topics covered in the course, with adequate critical spirit.
	• *Communicating knowledge and understanding*
	  o the Student will acquire language properties, with systematic rigor and argumentative coherence.
	• *Capacities to continue learning*
	  o Development of an adequate understanding of the subject and of the main interpretative issues.
