ECTS credits details	Area	CFU/ETCS
Basic teaching activities	Law	6

Class schedule	
Period	First Semester
Year	2020 – 2021
Type of class	in the classroom or in e-learning mode (streaming)

Time management	
Hours	
In-class study hours	48
Out-of-class study hours	

Academic calendar	
Class begins	September 2020
Class ends	December 2020

Syllabus	
Prerequisites/requirements	Basic knowledge of labour law
Expected learning outcomes	Knowledge and understanding on:  The aim of the course is to provide students with the basic knowledge of the European, national and regional social security regulatory framework, also with reference to the discipline applicable to foreign workers, as well as the ability to describe and analyze the topics covered during the course.  Applying knowledge and understanding on:  At the end of the course the student, through the theoretical knowledge acquired, will be able to analyze and solve some of the most significant issues related to the recognition of rights to social security and welfare benefits, also for foreign workers.
	Making informed judgments and choices:  The course will enable the student to acquire an adequate capacity for (critical) analysis of the topics covered by the programme, so as to be able to deal independently with some of the main legal and social issues in the field of social security and assistance

appropriate legal lexicon on social security and social assistance.  Capacities to continue learning The student will be able to use the study and analysis methodologies used during the course to deal with social security and welfare issues other than those dealt with.  Contents  The programme of teaching Labour Law and Social Security is divided into two parts for a total of 6 CFU.  General part Notion and historical evolution of social security Sources of domestic and supranational law General principles: welfare and assistance; solidarity and automaticity or benefits; organization of the social security system and social security institutions The contribution relationship and the legal social security relationship: The protection for accidents at work and occupational diseases The pension system Income support benefits in the event of sickness, disability and involuntary unemployment Supplementary pension provision Protection for the insolvency of the employer  Additional special part for S.G.I. students Social security and assistance for foreign workers (EU and non-EU) and the principle of non-discrimination The regulations applicable to foreign workers (EU and non-EU) and the principle of non-discrimination The regulations applicable to foreign workers Contribution and social security benefits for foreign workers Welfare benefits for foreigners  Course program  Bibliography One of the following books to choose from: Persiani, D'Onghia, Fondamenti di diritto della previdenza sociale, Giappichelli, Torino, last ed.
