ECTS credits details	Area		CFU/ETCS
Basic teaching activities	12		6

Class schedule	
Period	II Semester
Year	
Type of class	Oral Lessons

Time management	
Hours	150
In-class study hours	48
Out-of-class study hours	102

Academic calendar	
Class begins	II Semester
Class ends	II Semester

Syllabus	
Prerequisites/requirements	Civil Law

Expected learning outcomes	<p>The course of Agri-Food Law aims to provide the main knowledge relating to the European and national regulatory framework of agricultural and food law, with particular reference to food safety, labelling, quality of agri-food products, supply chain and national regulation of agricultural enterprises.</p> <p>Students will analyze the main reference sources of agri-food legislation, acquiring understanding skills of European directives and regulations. The normative data will be accompanied by the analysis of the jurisprudence of the EU Court of Justice and of the national Courts of different countries, also in language, in order to allow students to deepen the legal issues dealt with.</p> <p>The lessons will not have only a frontal character but will be conducted in order to stimulate students to interact with each other and acquire confidence in the use of specific legal language and reach a critical capacity regarding the topics covered during the course.</p>
----------------------------	---

Contents	<p>1) Evolution of the common agricultural policy</p> <p>2) The agri-food market: safety, labelling, quality protection, competition rules</p> <p>3) The agri-food chain: contracts, producers organizations and interbranch organizations</p> <p>4) Agricultural enterprise</p>
