Learning Objectives	The course aims to provide adequate knowledge relating to the evolution, constitutional foundations, structure and functioning of the Italian social security system, with necessary references to the European Union dimension, and with particular attention to the protection of more vulnerable categories. To this end, it is proposed to trace the outline of protected events and fundamental forms of protection in the employment relationship, forms of welfare protection and measures against social marginalization, in addition to the evolution of welfare systems.
Course prerequisites	none

Teaching strategy	The teaching is based on theoretical lectures, accompanied by practical insights, with the possible integration of distance learning.
Expected learning outcomes in terms of	
Knowledge and understanding on:	<ul style="list-style-type: none"> ○ define ○ compare ○ explain

	<ul style="list-style-type: none"> ○ summarize
Applying knowledge and understanding on:	<ul style="list-style-type: none"> ○ choose ○ select ○ solve
Soft skills	<ul style="list-style-type: none"> • <i>Making informed judgments and choices</i> At the end of the course, the student must be able to <ul style="list-style-type: none"> ○ analyze ○ classify ○ distinguish ○ examine the fundamental institutions of the course matter • <i>Communicating knowledge and understanding</i> At the end of the course, the student must be able to <ul style="list-style-type: none"> ○ have full knowledge of legal terms ○ use the technical-legal vocabulary correctly • <i>Capacities to continue learning</i> At the end of the course, the student must be able to <ul style="list-style-type: none"> ○ Assess and analyze the future reviews of the course matter
