Degree course	Sciences and Management of Maritime Activities
Curriculum	Environment
ECTS credits	8 CFU
Compulsory attendance	NO, merely recommended frequency
Language	Italian language

<b>Subject teacher</b>	Name Surname	Mail address
	Giuseppe CHIARELLI	avvgiuseppechiarelli@gmail.com

<b>ECTS credits details</b>	Area	SSD
Basic teaching activities	Area 10	IUS/10

<b>Class schedule</b>	
Period	I SEMESTER
Year	second
Type of class	FRONTAL LESSONS

<b>Time management</b>	
Hours	200
In-class study hours	64 hours of frontal teaching
Out-of-class study hours	136 individual study

<b>Academic calendar</b>	
Class begins	09.11.20
Class ends	18.02.21

<b>Syllabus</b>	
Prerequisites/requirements	

<p>Expected learning outcomes (according to Dublin Descriptors) (it is recommended that they are congruent with the learning outcomes contained in A4a, A4b, A4c tables of the SUA-CdS)</p>	<p><i>Knowledge and understanding</i> The acquisition of the methodology necessary for the knowledge and understanding of the administrative law institutes indicated in the program and their discipline. Furthermore, students must be able to come up with original ideas based on a systematic and critically aware understanding of the acquired knowledge.</p> <p><i>Applying knowledge and understanding</i> The acquisition of the methodology necessary for the application of the knowledge and understanding of the administrative law institutes indicated in the program in the cd. Living law, also through the analysis of jurisprudence with specific attention to jurisprudence and administrative practice.</p> <p><i>Making informed judgements and choices</i> The acquisition and development of the capacity for critical study of the institutes of administrative law indicated in the teaching program, also through the critical study of the most significant literature on the individual themes being studied through seminar-type didactic activities.</p> <p><i>Communicating knowledge and understanding</i> The acquisition of the capacity of argumentation of the doctrinal and jurisprudential theses critically examined, in order to be able to communicate and discuss them well in moments of sharing, comparison and discussion even in the classroom, both individually and in groups.</p> <p><i>Capacities to continue learning</i> Attending students who will be confronted with the analysis of the fundamental institutions of administrative law, will have the opportunity to concretely and in itinere verify the skills acquired during the course, their strengths and weaknesses, so as to intervene promptly, even with the help of the teacher, to fill any gaps in their basic preparation.</p>
<p>Contents</p>	<p>The course will focus on the following aspects: During the lessons the topics of the published</p>

	program will be analytically exposed and didactic materials will be indicated for further study
Course program	
Bibliography	<ul style="list-style-type: none"> <li>- Didactic material of administrative law provided by the teacher.</li> <li>- N. LUGARESÌ, Environmental Law, Padua, Cedam, latest edition.</li> </ul>
Notes
