Course of study	Sciences of Primary Education		
Curriculum			
Credits	8+2		
Title in English	Didactis General		
Compulsory attendance	None		
Language of delivery	Italian		
Professor in charge	Name Surname	E-mail address	SSD
	Chiara Maria Gemma	chiaramaria.gemma@uniba.it	M-PED/03

Credits in details	Disciplinary field	SSD	Credits
	11/D2	M-PED/03	8+2

Mode of delivery	
Period of delivery	II semester
Course year	I year
Mode of delivery	Conventional

Didactics organization	
Type of hour	1h 60m
Course hours	60 curricular + 20 laboraty = 80
Individual hours of study	120

Calendar	Secretary's Office
Beginning of the didactic activities	11 March 2019
End of the didactic activities	31 May 2019

Syllabus	
Prerequisites	At the beginning of the course a questionnaire will be given in order to map out the prerequisites held in the pedagogical-didactic field.
Learning results (following the Dublin Descriptors)	<p>At the end of the course the student must prove to have acquired:</p> <p>Knowledge and ability of understanding: to carry out interdisciplinary agreements in terms of interpretation and planning, using texts and topics of particular pedagogical interest</p> <p>Knowledge and understanding, applied: to develop the acquired knowledge to carry out didactic interventions for educational emergencies.</p> <p>Autonomy of judgment: to critically rethink the learning results in order to carry out didactic interventions necessary to manage and interpret the complex education-didactic field.</p> <p>Communication skills: to revise the learning results in relation to identification/solutions of problems seen in various subjects involved in the educational dialogue. To use a vocabulary</p>

	<p>appropriate to educational issues.</p> <p>Learning skills: undertake further disciplinary and interdisciplinary investigations in order to broaden the scope of didactic research proving a high degree of autonomy.</p>
Teaching contents	<ol style="list-style-type: none"> 1. The main didactic “theories” of the twentieth century 2. The skills of teacher’s professionalism in today’s school 3. The fundamental principles of learning 4. The teaching practice that generates new skills 5. The new didactic-organizational culture 6. The students’ voice as a resource for didactic research

Program
