

InterUniversity PhD Programme in **Sustainable Land Management**

PhD SEMINAR

05/06/2024 15:30 - AULA CICCARONE (Edificio
centrale 2 piano)

Prof. Clive DAVIES

Newcastle University, UK and European Forest Institute (EFI Germany)

URBAN FORESTS AND NATURE-BASED SOLUTIONS

Prof. Clive DAVIES is a Senior Lecturer in Green Infrastructure and Landscape Planning, Newcastle University, UK and Senior Researcher, advisor and facilitator on the Urban Forestry, Governance and Resilience, Program at the European Forest Institute (EFI Germany).

ABSTRACT: The world is currently facing an unprecedented emergency due to the triple planetary crisis - biodiversity loss, climate change, and environmental pollution. Nature based solutions (NbS) have emerged as a major approach to dealing with these challenges. The seminar will focus in on our current global understanding of NbS with a particular focus on Europe-China, comparisons and in-depth look at the role of urban trees and forests as a nature-based solution.

The seminar will be introduced and moderated by:
Prof. Raffaele LAFORTEZZA and Prof. Giovanni SANESI
