

CURRICULUM VITAE Dr Giuseppe Petrosillo

Nome	Giuseppe
Cognome	Petrosillo
Data di nascita	14 Marzo 1966
E-mail	g.petrosillo@ibiom.cnr.it
Posizione attuale	Ricercatore presso l'Istituto di Biomembrane, Bioenergetica e Biotecnologie Molecolari (IBIOM), del Consiglio Nazionale delle Ricerche (CNR). Bari

Education and professional experience

1991- Laurea in Scienze Biologiche presso l'Università di Bari;

1997- Dottorato di ricerca in Biochimica e Biologia Molecolare;

1997-2011- Tecnico presso il Dipartimento di Biochimica e Biologia Molecolare dell'Università di Bari.

Ottobre 2011- Ricercatore presso l'Istituto di Biomembrane, Bioenergetica e Biotecnologie Molecolari (IBIOM), del Consiglio Nazionale delle Ricerche (CNR) di Bari.

Settembre 2005- l'abstract, spedito al Congresso SIB, viene selezionato per la presentazione orale, da lui tenuta, nell'ambito della riunione del gruppo MEMBRANE e BIOENERGETICA.

Ha svolto attività di revisione (*peer-reviewer*) per le seguenti riviste scientifiche internazionali: Cell Biology and Toxicology, Cell Biochemistry and Function, Biochimie, BBA Bioenergetics, BBA Biomembranes, BBA Molecular and Cell Biology of Lipids.

Teaching activity

AA 2012/2013, insegnamento del modulo di Biochimica Ambientale (5 CFU) dell'insegnamento di Biochimica Ambientale e Biotecnologie Ambientali, Laurea Magistrale in Biologia Ambientale presso L'Università di Bari.

AA 2013/2014, 2014/2015, 2015/2016, 2016/2017, insegnamento di Metodologie BIO/10 (5 CFU), Corso di Laurea in Scienze Biologiche presso L'Università di Bari

2013 PON BIOforIU (soggetto attuatore C.N.R.) ha svolto attività di docenza frontale/e-Learning (6 ore) nell'ambito del programma concernente il modulo di "Metodologie biochimiche applicate allo studio della bioenergetica cellulare".

2013 PON Bioscienze e Salute (soggetto attuatore Università degli Studi di Bari) ha effettuato attività di docenza frontale (2 ore) nell'ambito del Corso di Alta Formazione per "Ricercatori Esperti in Tecnologie Avanzate applicate al campo delle Bioscienze e della Salute".

2014, consegue l'abilitazione scientifica nazionale alle funzioni di professore universitario, seconda fascia, settore concorsuale 05/E1 Biochimica Generale e Biochimica Clinica.

Correlatore in diverse tesi sperimentali in Biochimica per la Laurea in Scienze Biologiche.

Scientific Affiliations

Membro della Società Italiana di Biochimica e Biologia Molecolare (SIBB);

Membro del Gruppo Italiano di Bioenergetica e Biomembrane (GIBB);

Research interest

Il campo di ricerca del Dott. Petrosillo comprende studi su vari aspetti della bioenergetica e della fisiopatologia mitocondriale. In particolare egli studia:

- interazioni strutturali e funzionali del fosfolipide cardiolipina con i complessi respiratori mitocondriali,
- effetto dei radicali liberi dell'ossigeno (ROS) sulla composizione fosfolipidica delle membrane e sulla bioenergetica mitocondriale,
- funzionalità mitocondriale in situazioni fisiopatologiche (invecchiamento, ischemia-riperfusion cardiaca, malattie degenerative e dismetaboliche) caratterizzate da un incremento della produzione di ROS,
- ruolo dei ROS, della cardiolipina e del Ca²⁺ nel rilascio del citocromo c dai mitocondri durante il processo di morte cellulare.
