

# NORTHERN IRELAND OPPORTUNITY

*100% Farm Animal Post in County Antrim NI 20 minutes from Belfast City Centre and 10 mins from Belfast International Airport.*

*Visit our insta page tag: vetsfarm to get a proper feel for our practice and team. We have loads of really interesting cases along with a bit of craic.*

*Farm Vet Services (Independent Practice)*

*We are a friendly close knit team with a strong focus on peer support and professional clinical standards.*

*Workload consists of emergencies, fertility scanning (latest easy scan go scanners), bull fertility testing (Pulsator V), calf mortality/morbidity investigations, on-farms PMs, bovine embryo flushing and transfer, TB testing and heifer teat sealing.*

*Clinicians are encouraged to develop their abilities and experience in any area they find particularly interesting.*

*On-call rota is 1 in 4 with generous holiday allowance.*

*Wage package is heavily tailored to the wants and needs of the applicant. A package based heavily on a shorter work week and more flexible hours is possible. Similarly a package with a greater potential to earn a higher wage is also possible.*

*In the past our employees have enjoyed the opportunity to spend their summers working in a New Zealand LA practice during their spring!*

*The employees of practice will also get the use of a Ravenhill Ulster rugby Season ticket.*

*There is a two CPD allowance and professional fees are paid by practice.*

*Fully kitted van and accommodation available.*

*[info@farmvetservices.co.uk](mailto:info@farmvetservices.co.uk) to forward CV or get more info*
