### Project code

H92H18000220006

### Name of the beneficiary and Project title

University of Bari

Dipartimento di Lettere Lingue Arti. Italianistica e Culture comparate

Project 1 **“Letter collections of the Italian Renaissance: politics, literature and art. New digital archival research”**

### Main objective

The project aims to disseminate knowledge of the most prominent cultural, historical and political figures that forged diplomatic, literary and artistic relationships between Italy and other European countries in the modern age.

The expected results consist in developing and applying innovative research methods within the field of Digital Humanities so as to promote the dissemination of rare and unpublished epistolary texts.
