Role

This is a fantastic opportunity for a pharmacy student to work within this fast-paced retail environment, with state-of-the-art drug dispensing equipment. Mentored throughout, you will gain an insight into the pharmacists' role in a dispensing chemist environment and develop customer service skills, essential for working in community practice. If you want to add real value to your CV and be a part of a growing chain of pharmacies across Northern Ireland, then apply today!

Tasks

- Label and dispense prescriptions and assist with impromptu formulations.
- Assist with stock management and ordering processes to ensure appropriate stocks of medicines are kept within the pharmacy, including helping with incoming deliveries.
- Hand out of all client prescriptions
- Operate EPOS till systems, including updates, price changes
- Assess customer enquiries and obtain relevant and appropriate assistance.
- Provide help to clients on health issues and seek assistance from a pharmacist, when appropriate
- Stock control to ensure there is not out of date stock or medicinal items on shelves.
- Work in alignment with Standard Operating Procedures for processes within the pharmacy.

Desired Skills

- Studying towards a degree in Pharmacy.
- Experience in community pharmacy is an advantage.
- Courteous and friendly approach, experience in customer facing role advantageous.
- Experience in working as a part of a team and willingness to get involved with tasks.

The Host Company

This family run pharmacy group is at the heart of the local community and conducts over 20,000 face to face consultations per year on a range of medical conditions and helping people with their medicines. They specialise in minor ailments treating over 1000 patients annually in this area alone. They deliver over 10,000 prescriptions per annum to the elderly and housebound and in the last 2 years we have protected over 250 people from seasonal flu with their flu vaccine service. Investing in their people they have the skills and knowledge they need to help people. With 3 stores and plans to grow across Northern Ireland, they have an end-to-end online prescription ordering system, with fully embedded robotic dispensing machines.
