Application for the assessment of the eligibility for the Master Degree in Computer Science, University of Bari Aldo Moro

Application form

Please fill this document electronically in all its parts, sign and scan it.

Name:

Surname:

Date of birth:

Place of birth:

Home address (City/State/Country):

University/College of provenance:

Country of the University/College:

I declare the following:

- The number of acquired credits in passed exams for the Computer Science topics listed in the table in Appendix 1* is credits (in ECTS credits†);
- The number of acquired credits in passed exams for the Mathematics topics listed in the table in Appendix 2* is credits (in ECTS credits†)
- To date, my GPA (Grade Point Average) for all the B.Sc (undergraduate) program is /100
- I completed my B.Sc (undergraduate) program and got the corresponding degree. Yes No

Place, date, and Signature:

NOTE: In the case your University does not adopt any credit-based system, the reference is the ECTS model. According to the ECTS model a full undergraduate program consists of 180 credits, and the number of credits of every exam is proportional to the number of hours.

*You should specify *all* your CS and Math exams in Appendixes 1 and 2: exams that are not included in the appendixes might not be counted to verify your requisites.

†This number must be computed proportionally, see the NOTE.

Appendix 1

Please place **all** your CS exams in the boxes below.

CS TOPIC[‡]	**Names of Passed Exam(s) in your transcripts**[§]	**Total credits**	**GPA for the topic**[¶]
Algorithms and Complexity (AL)			/100
Architecture and Organization (AR)			/100
Computational Science (CN)			/100
Graphics and Visualization (GV)			/100
Human-Computer Interaction (HCI)			/100
Information Assurance and Security (IAS)			/100
Information Management (IM)			/100
Intelligent Systems (IS)			/100

[‡]According to the ACM Computer Science Curricula 2013 `https://www.acm.org/binaries/content/assets/education/cs2013_web_final.pdf`

[§]**You should select the exam(s) that best cover the topic. One exam can appear only once in the table.**

[¶]GPA is the weighted average of the marks of all the exams in a topic, weighted by the number of credits.

CS TOPIC[†]	**Names of Passed Exam(s) in your transcripts**[‡]	**Total credits**	**GPA for the topic**[¶]
Networking and Communication (NC)			/100
Platform-Based Development (PBD)			/100
Operating Systems (OS)			/100
Parallel and Distributed Computing (PD)			/100
Programming Languages (PL)			/100
Software Development Fundamentals (SDF)			/100
Software Engineering (SE)			/100
Systems Fundamentals (SF)			/100
Other			/100

[‡]According to the ACM Computer Science Curricula 2013 `https://www.acm.org/binaries/content/assets/education/cs2013_web_final.pdf`

[§]**You should select the exam(s) that best cover the topic. One exam can appear only once in the table.**

[¶]GPA is the weighted average of the marks of all the exams in a topic, weighted by the number of credits.

Appendix 2

Please place **all** your Math exams in the boxes below.

MATH TOPIC	**Names of Passed Exam(s) in your transcripts**[§]	**Total credits**	**GPA for the topic**[¶]
Mathematical logic			/100
Discrete Mathematics (Algebra, Geometry)			/100
Mathematical analysis			/100
Probability and statistics			/100
Numerical analysis			/100
Operational research			/100
Other			/100

[§]**You should select the exam(s) that best cover the topic. One exam can appear only once in the table.**

[¶]GPA is the weighted average of the marks of all the exams in a topic, weighted by the number of credits.
