Frontend Software Engineer (m/f/x) at BurdaForward Italia

At BurdaForward we have a common mission: to support and provide people with individual, reliable and solution-oriented content throughout the day and help them lead a better life. That's why we do not only outline problems but point out how things can be improved - in society and in everyday life. We combine first-class journalism with innovative technology!

Your challenging task...

- Defining and building the frontend part of the architecture and building the application stack in collaboration with the team
- Development of new features and services in close collaboration with the product owner and the development team
- Close cooperation, communication and coordination across all BurdaForward teams, such as Operations and Data Science
- Guiding junior developers
- Development of our HTML frontends, using and extending our style guide component

Your convincing background...
 Minimum Qualification

- You have at least 3+ years of experience in designing and developing web applications and architectures
- You have at least 3+ years of experience with HTML, CSS, JS and corresponding frameworks (e.g. Angular, react, vue)
- You have strong-problem solving skills
- Automated testing, performance and quality are important for you
- You can speak and write in English fluently and enjoy working in an international environment
- You have an Italian work or residence permit.

Preferred Qualification

- You have experience with JavaScript ES6-ES7 and TypeScript are welcome
- You have experience with native cloud development (AWS) and version control systems
- You are interested in new trends in software engineering and software architecture without forgetting proven technologies and patterns
- You want to work in a company that uses agile methodologies and enjoy working in teams with a focus on sharing knowledge

Your turn: If you think this position is right for you and that you can help us make BurdaForward big in Bari, we'd be delighted to talk to you. Simply click apply and send us your English application: https://www.burda-forward.de/en/career/jobs/
